

Character Badges and MFL

Our Vision

The aim of Character Education at Gloucester Academy is to develop a student who is confident, compassionate and is an effective contributor to society, a successful learner and a responsible citizen. By focusing on developing a student's character, we are developing a student's self-esteem as well as, students' understanding and respect for others, an awareness of wider spiritual and cultural issues and helping students to fulfil their potential. At Gloucester Academy we want to ensure we develop our students holistically to ensure they are ready to climb their own personal mountain and tackle any obstacles on the way.

How to earn and record your badges

Students at Gloucester Academy can identify, earn, and log character badges already signposted in your knowledge organiser. In addition to this, students can now earn character badges specifically for MFL. Once you have believed you have earned one of the character badges below, speak to your MFL teacher who will log this badge for you.
